- Vue

EMPLOYMENT HISTORY

Trainee Front-End Developer

IT-Sprout, remote | September 2023 — now

- On the 1st project I was developing personal account for educational platform. My stack were: TypeScript, Styled Components.
- 2nd project was a bunch of landing pages for different companies. My stack were: React, Styled Components.
- Now I'm working in team with other developers and we're developing a web-site with AI integrated. Main idea of that site is cards with different scenarios which are being created with AI. My stack: ReactJS, Tailwind CSS, Next.js

Sales Assistant

LTD "Citrus", Kyiv | August 2021 – January 2023

I was sales assistant in one of the top shops in Ukraine. I attended many individual programs for professional development as a sales assistant. Also, I assisted in the development of new service for regular manager testing, resulting in a 20% increase of their knowledge.

Director Assistant

LTD "ALLO", Chernivtsi | November 2020 – June 2021

In this company my responsibilities were:

- • to increase the sales level
- • to help other employees expand their knowledge
- • to find right solutions to complex problems.
- • assisted customers with product selection, resulting in a 30% increase in sales

INTERSHIPS

QA Engineer (Trainee)

Datawiz.io, Chernivtsi | *July 2020 – November 2021*

It was my first time in IT so I had great experience and gained new skills.

Moreover, I've:

- passed a local QA course.
- realised how to work in team.
- also been taught how to find bugs correctly.

EDUCATION

Bachelor

Chernivtsi National University | *September 2015 – June 2019*

Economic Cybernetics faculty.

A lot of different trainings, which I've passed as a sales assistant and director assistant

June 2019 - January 2023

A lot of courses and trainings, such as :

- Personal growth trainings;
- Lots of sales trainings;
- Personnel Management training;

IELTS English Courses

Learn & Go | *May 2018 – May 2020*

B2 certificate.
